SOUTH SHELBY

SHELBY COUNTY R-IV

SHELBINA, MISSOURI

VOLUME VI

The 1966 South Shelby Annual Staff derived the book's name by taking every fourth letter of South Shelby Cardinals, thus getting it's name--TECIS.

This book is a tribute to memories . . .

fingers of dawn on the unvelling Tecis
Homecoming . . . the spirit after another victory . . . the glory of a crown
the critical analysis due tomorrow
skits
The Marching Hundred
senior home rooms "democratic dictator"
pep rallies
long hours of rehearsal
the hushed reverence of that April tragedy
the parking lot's population problem
a table at the Country Inn on Friday night
a typewriter chattering at 2:30 a.m.
halls . . . the clamour and the hush
the smell of sulfur from the lab
finals
the hoot of an owl . . . the scream of a coon
the unorganized hilarity of yearbook parties
a hero's tears at halftime
smiling Janitor's leaning on their brooms
the click of high heels . . . the rustle of a formal
the fast football game
moonlight and a goodnight kiss.

The Tecis is a tribute to these
bright images
to this infinite array of all
that is South Shelby.

Dedication - Miss Marie Miller

The 1971 annual staff wishes to dedicate this years book to Miss Marie Miller, guidance counselor of the South Shelby High School.

Miss Miller, who brought twelve years experience from the Clarence High School, has been with South Shelby since its beginning as a school.

Serving as guidance counselor, Miss Miller has helped many a potential college student on their road to higher education.

It is for this reason we proudly dedicate the 1971 TECIS to Miss Marie Miller.

HONOR DESERVING STUDENTS

Donald jumps with joy as he is initiated into the SOCIETY

The National Honor Society is an honorary organization for outstanding high school students.

Their goal is to encourage service, leadership, character, and scholarship in the South Shelby High School

Each year students of the Junior and Senior Class who have met the qualification of the National Honor Society are invited to become members of the organization. Sophomore students are invited as provisional members.

Members enjoy their social event of the year.

On November 21, the South Shelby Football Cardinals put to death a jinx that had seemed to be hanging over them for the past two years. It was on that day that they marched off to battle the Crystal City Hornets on the Hornets' home field in a game with nothing less at stake but the right to play in the State Championship.

The despair and frustration of Kirksville in 1968 and the crashing defeat at South Shelby last year were all forgotten as the faithful fans watched their team defeat the Hornets in a heart stopping 14-12 victory.

The movie camera, the chief coach, and the whole team watch Greg

Weatherford intercepts.....again!!

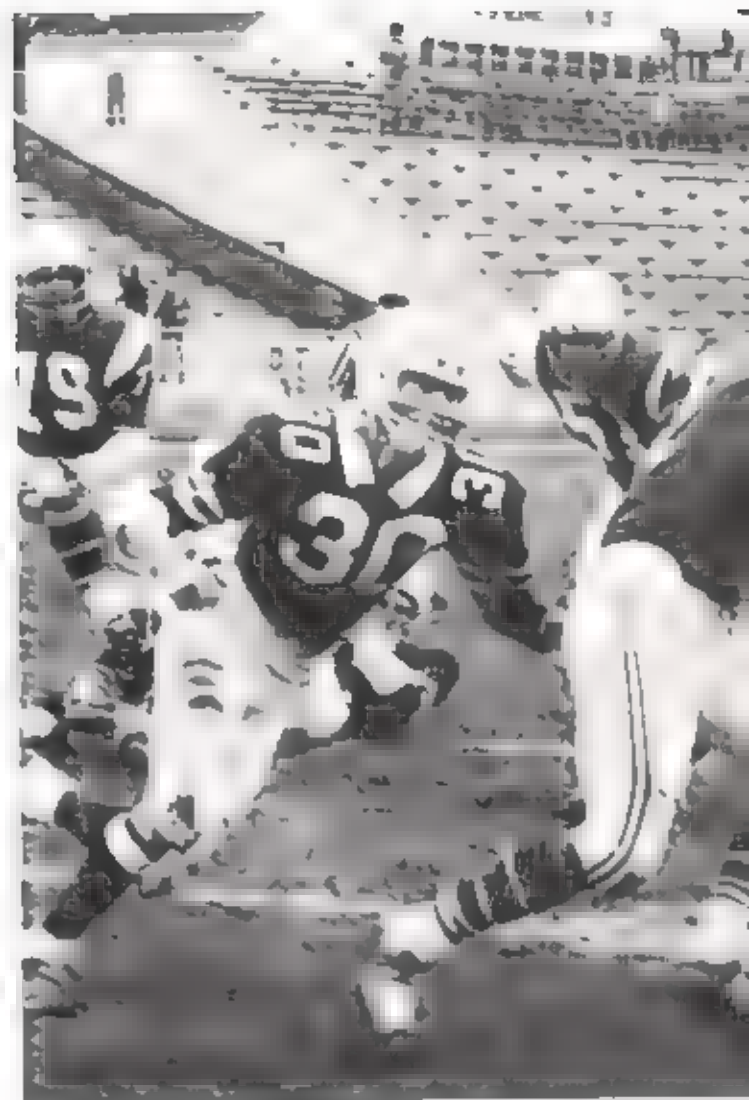

,and again

The pictures appearing on this page and the one following were taken at the Class "AA" State Championship Finals held at Warrensburg on November 28th.

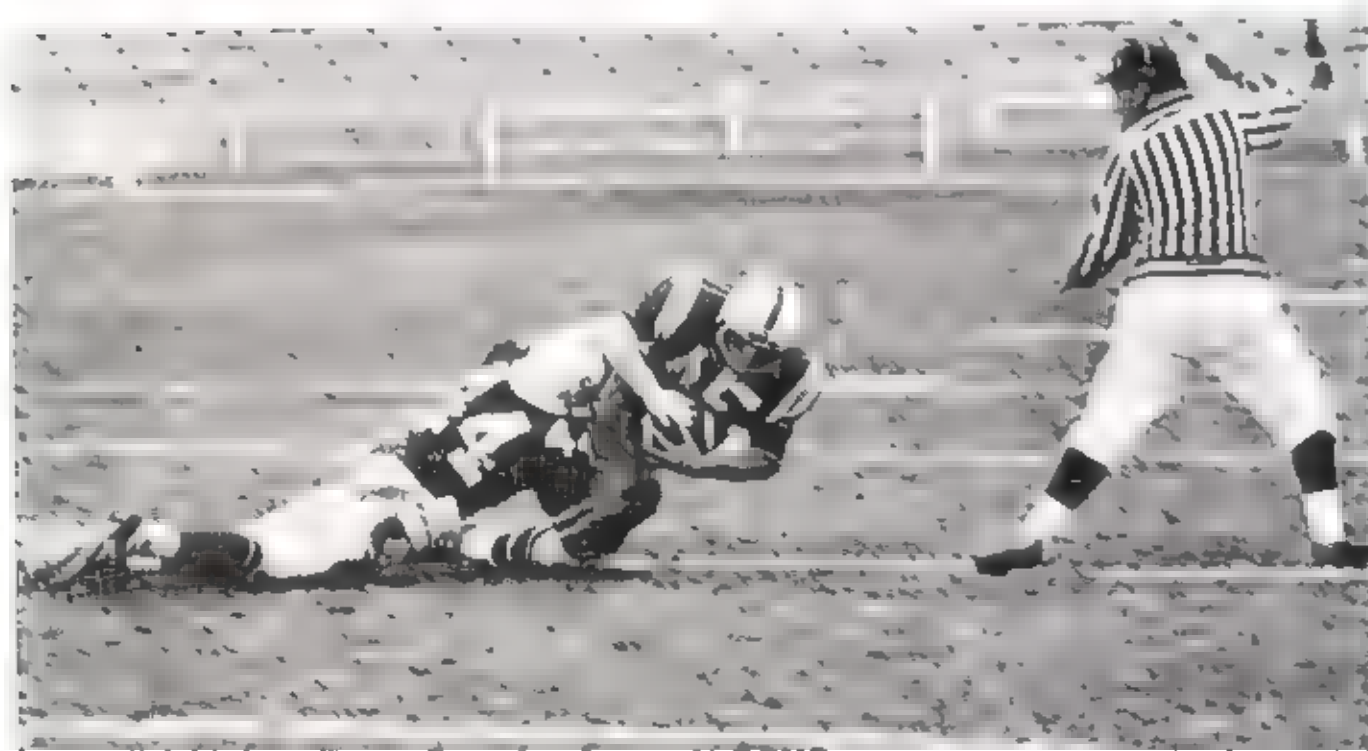

The game pitted our own South Shelby Cardinals against the Harrisonville Wildcats in a contest most people consider too close to call.

Both teams seemed to be at physical and mental peaks at the opening kick-off. The first few minutes started out explosively with both teams scoring early. As time elapsed, the Lukehart coached Cardinals began to take control of every aspect of the game while rolling to a early formidable lead.

When the final gun sounded, the Cardinals walked off the field with a 38-18 victory in the game and an undisputed supremacy in the state

WHAT IS A FRESHMAN?
 A big unspoiled package of curiosity?
 A gangly kid with a fluctuating voice range?
 A bewildered innocent who wonders just how he can possibly have three more years ahead of him?
 A bundle of enthusiasm tied together with a grin?
 A mountain of energy ready to tackle anything high school offers?
 A tower of uncertainty shown in a quavering voice?
 A member of the most-teased and, perhaps, the most misunderstood bunch in the school?
 A kid who yells at the ballgames and sings the school song, because he hasn't yet learned that they are "square"?
 I wonder.

Rural Electric People Serve Their Neighbors And Like It That Way...

Rural electrics are small in an era of bigness. They serve only about 10 per cent of the American people with electricity.

But bigness is not the same as greatness. In their own way, rural electrics try to achieve a special kind of greatness . . . the kind that comes from providing a necessary service, and providing it continuously, economically, and dependably—but with very little fanfare.

With the help of Rural Electrification Administration loans, rural people created the rural electrics to serve themselves and their neighbors, and this is what they will continue to do

They like it that way.
